[8 Mistakes You're Making With Your Facebook Business Page](#)

Are you trying to get more likes on Facebook? Find out what you're doing wrong and how to increase your Facebook traffic.

[Internet Marketing Tips for Small-Scale Enterprises](#)

Small businesses are at a disadvantage when competing with huge corporations or medium-sized companies that have accumulated enough experience and clients. For one, these minor players are wanting in exposure and have small budgets for advertising and promotions compared to their competitors which are loaded with millions of marketing and advertising financial resources. The major problem that these insignificant entrepreneurs have to contend with is the enormous cost of traditional advertising techniques. With limited resources, it becomes imperative for them to discover innovative ways to promote their merchandise to prospective buyers.
